WHO WE ARE

Fruitful Training Group is a woman and minority-owned organization passionate about professional development, with more than 15 years of training/teaching experience across multiple industries and professions. We believe all who attend training and development should walk away with actionable items and tools they can apply immediately to become fruitful members of the organization. We specialize in the customization of content that meets clients' needs, as well as connection and partnership with those we serve. Our offerings include DiSC® and The Five Behaviors® assessments, leadership 360° assessments, keynote address and more.
